

UDS LinkedIn Scraper for D365 fields

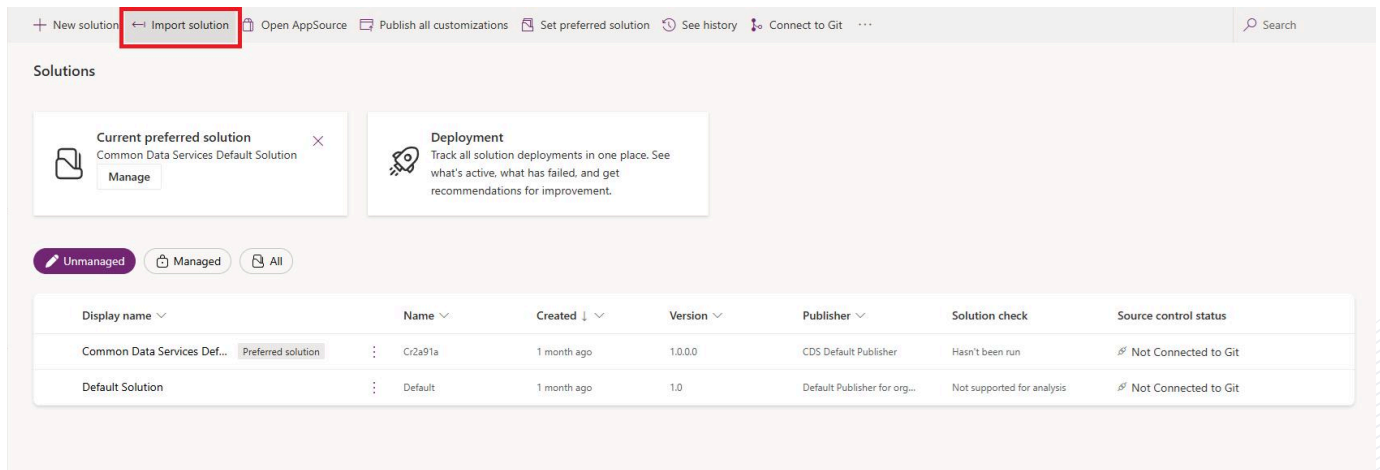

Installation Guide

To successfully manage the installation of UDS LinkedIn Scraper for D365 Fields, proceed with the steps below:

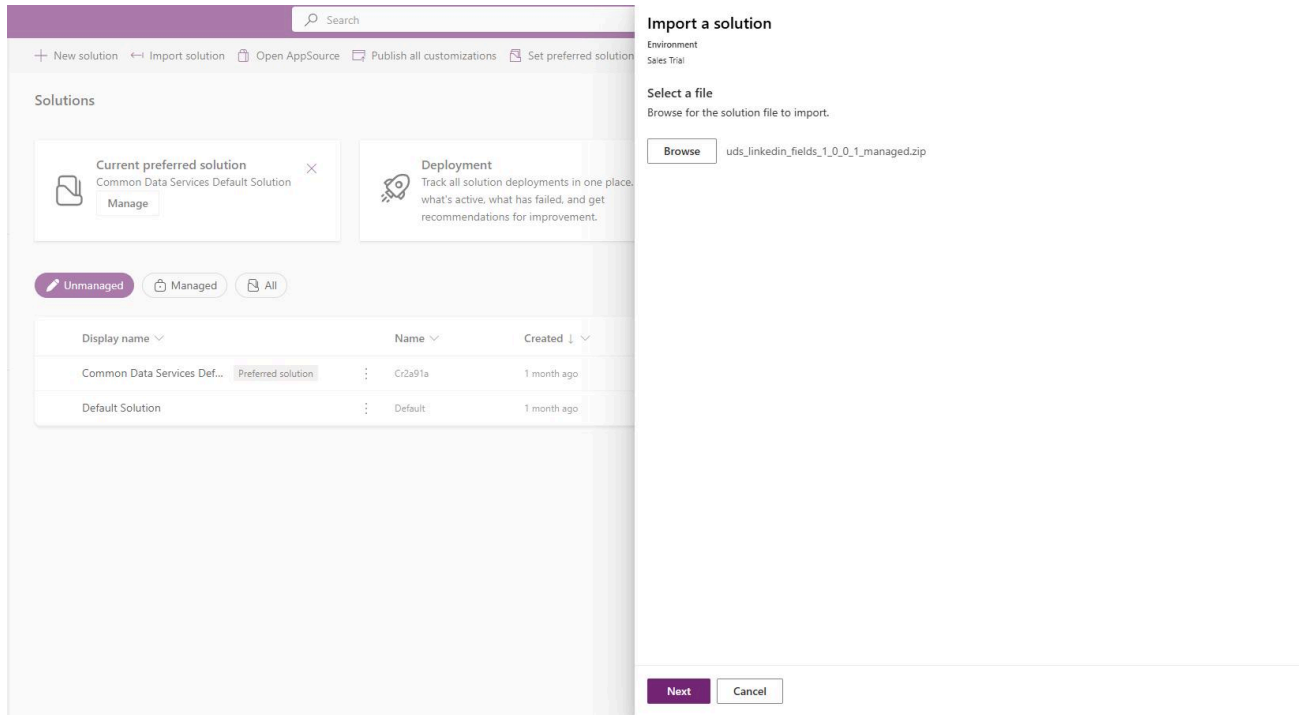

1. Navigate to **Settings** and choose **Solutions**.

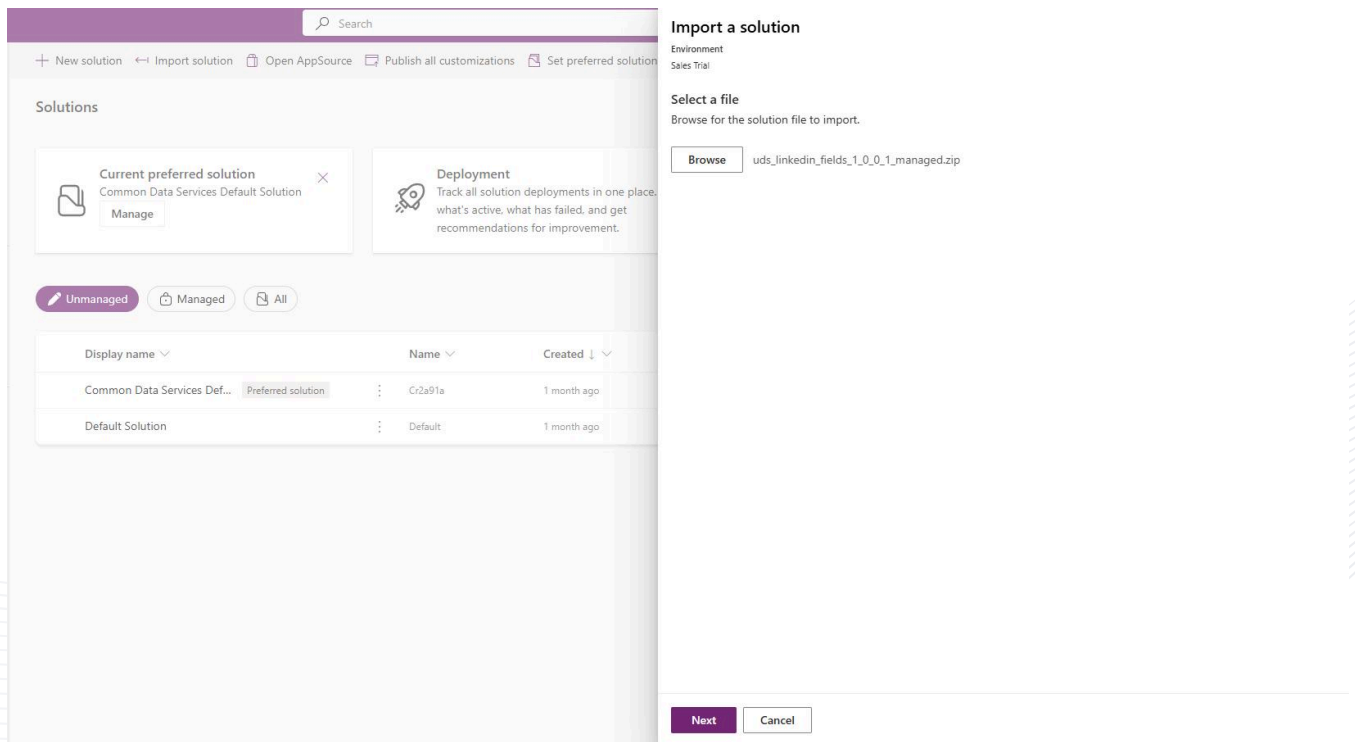

2. On the Solutions page, click **Import**.

3. On the **Select Solution Package** pop-up window, select **uds-linkedin-fields.zip** file and click **Next** button.

4. On the **Solution Information** pop-up, click **Next**.

5. Click on **Import** button.

← Import a solution

Environment

Display name ▾	Name ▾	Created ▾	Version ▾	Publisher ▾	Solution check	Source control status
Common Data Services Def... Preferred solution	Cr2a91a	1 month ago	1.0.0.0	CDS Default Publisher	Hasn't been run	Not Connected to Git
Default Solution	Default	1 month ago	1.0	Default Publisher for org...	Not supported for analysis	Not Connected to Git

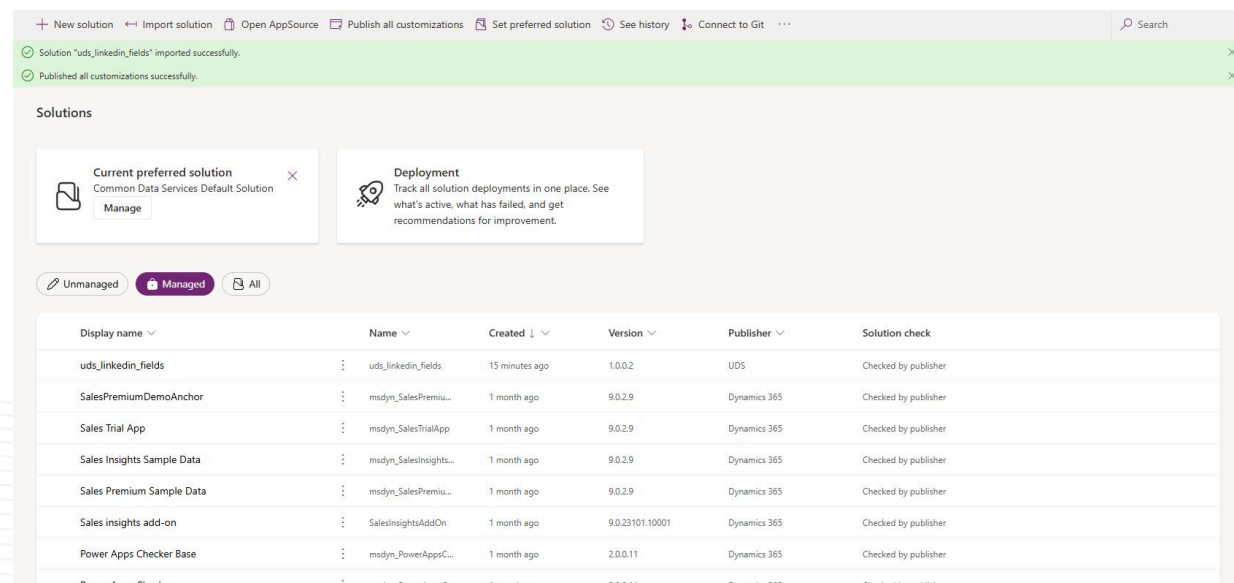

7. You will see the following notification: **Solution "uds_linkedin_fields" imported successfully.**

The screenshot shows the UDS portal interface. At the top, a green notification bar states: "Solution 'uds_linkedin_fields' imported successfully." Below this, the "Solutions" section is visible. It includes a "Current preferred solution" card for "Common Data Services Default Solution" and a "Deployment" card. A table below shows a list of solutions, with the first row being "uds_linkedin_fields" imported 3 minutes ago.

Display name	Name	Created	Version	Publisher	Solution check
uds_linkedin_fields	uds_linkedin_fields	3 minutes ago	1.0.0.2	UDS	Checked by publisher
SalesPremiumDemoAnchor	msdyn_SalesPremiu...	1 month ago	9.0.2.9	Dynamics 365	Checked by publisher
Sales Trial App	msdyn_SalesTrialApp	1 month ago	9.0.2.9	Dynamics 365	Checked by publisher
Sales Insights Sample Data	msdyn_SalesInsights...	1 month ago	9.0.2.9	Dynamics 365	Checked by publisher
Sales Premium Sample Data	msdyn_SalesPremiu...	1 month ago	9.0.2.9	Dynamics 365	Checked by publisher

8. Then click on the **Publish All Customizations** in the ribbon.

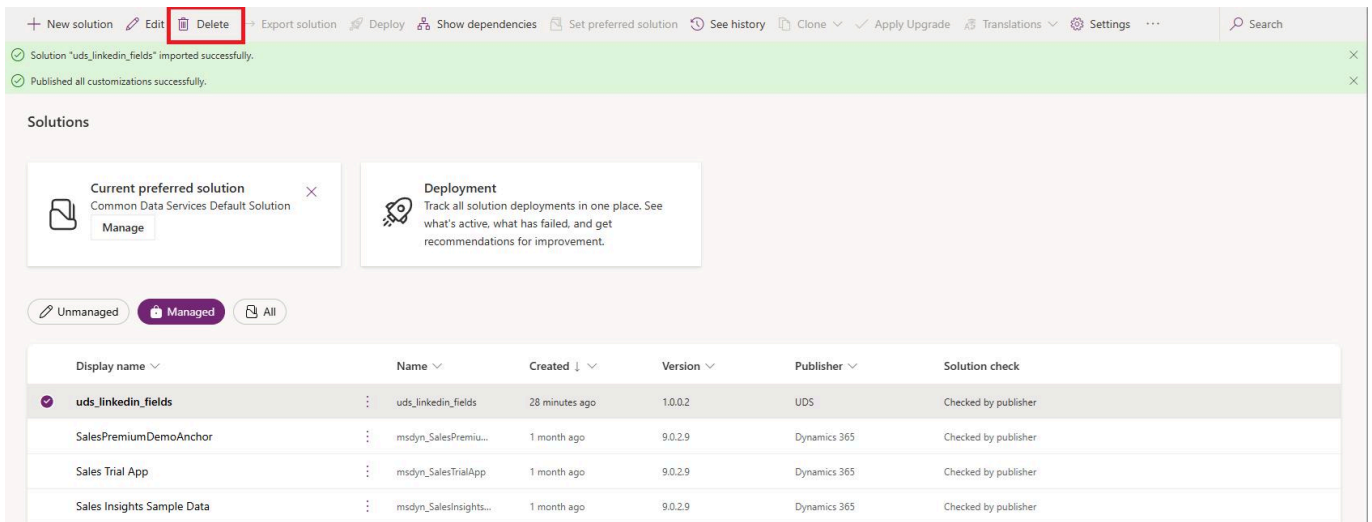

The screenshot shows the UDS portal interface after clicking "Publish All Customizations". A second green notification bar appears: "Published all customizations successfully." The "Solutions" section now includes a "Sales insights add-on" and "Power Apps Checker Base" and "Power Apps Checker". The table below shows the updated list of solutions.

Display name	Name	Created	Version	Publisher	Solution check
uds_linkedin_fields	uds_linkedin_fields	15 minutes ago	1.0.0.2	UDS	Checked by publisher
SalesPremiumDemoAnchor	msdyn_SalesPremiu...	1 month ago	9.0.2.9	Dynamics 365	Checked by publisher
